## Five-Year Review Available for Public Review and Comment Through September 7, 2018

The Navy follows federal guidelines during the cleanup at HPNS established in The Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980 (also known as Superfund), as amended by The Superfund Amendments and Reauthorization Act (SARA) of 1986. In accordance with federal requirements, the Navy conducts reviews of remedies at HPNS every five years.

This is the fourth Five-Year Review of remedies at HPNS, providing an update of the status of remedial actions at HPNS and progress made since the third Five-Year Review in November 2013.

**Comments on this document must be submitted to Derek Robinson (as noted above) by September 7, 2018.**

[Click here for a direct link to the Draft Fourth Five-Year Review.](#)

---

## **Draft Work Plan for Radiological Retesting at Parcel G: Public Comment Period Open Through August 14, 2018**

The Navy encourages members of the community to review and comment on the Draft Work Plan document during the ongoing Public Comment Period.

For a direct link to each document, please select from the list below:

- \* [Draft Parcel G Work Plan](#)
- \* [Parcel G Work Plan Fact Sheet](#)
- \* [Parcel G Work Plan Questions and Answers](#)

**Please submit your written comments no later than August 14, 2018 to Derek Robinson, as noted above.**

### **Independent Resource Available**

For assistance in understanding the radiological aspects of the Draft Work Plan, please contact the Navy's Community Technical Advisor, Dr. Kathryn Higley, who specializes in radiological health and safety, by telephone at (541) 737-7063 or by email at [Kathryn.Higley@oregonstate.edu](mailto:Kathryn.Higley@oregonstate.edu). More information on Dr. Higley may be found below in the COMMUNITY RESOURCES section of this newsletter.

---

## **RADIOLOGICAL RESOURCES**

## Navy Website Provides Information on Radiological Program Pages

The Navy has developed several new radiological web pages as an enhanced resource for the community to receive information on HPNS. Click [here](#) to visit the radiological pages of the HPNS website.

See below for a summary of and links to several of the pages:

- **NEW!!!** Radiological Retesting at HPNS: Get background on the Navy's radiological retesting at HPNS, as well as updates on each parcel included in the ongoing retesting efforts. *(Note: Content on the Radiological Retesting web page will be updated as milestones are achieved in the process for each parcel. Please check back for updates!)*
- **Timely Topics:** Your first stop for up-to-date topics of interest
- **Parcel A:** Learn about the historical use of Parcel A, radiological surveys conducted prior to transfer of the property, and public safety
- **Reference Library:** Find reference documents on radiological retesting at HPNS
- **Get Involved:** How you can get involved in Navy meetings and events
- **NEW!!!**

Dr. Kathryn Higley,  
Community Technical  
Advisor for Radiological  
Health and Safety

## Technical Advisor Available to Answer Radiological Health and Safety Questions

As the Navy's community technical advisor for HPNS, Dr. Higley is available to help answer your radiological health and safety questions. She may be reached by phone at (541) 737-7063 or by email at [Kathryn.Higley@oregonstate.edu](mailto:Kathryn.Higley@oregonstate.edu). Please contact her if you would like to schedule a time to meet in person.

### About Dr. Higley

Dr. Higley is the Head of the School of Nuclear Science and Engineering at Oregon State University. As a Certified Health Physicist, she holds degrees in Radiological Health Sciences and is an internationally-recognized expert in radiological health and safety. She is a highly qualified independent resource available to the public to assist with HPNS radiological issues.

## Navy Community Liaison Available for Information

On behalf of the Navy, Mr. James Bryant is available as a resource to the Hunters Point Community during the radiological retesting at HPNS. You may drop in to Mr. Bryant's office anytime during regular office hours to pick up information, ask questions, or leave comments on the Navy's cleanup at HPNS.

Mr. Bryant's office is located at JBR Partners, 1333 Evans Avenue, San Francisco 94124. To schedule a time to meet with Mr. Bryant, please call him at (415) 970-9051. He is also available by email at [community@sfnps.com](mailto:community@sfnps.com)

*Please note: Official public comments should not be delivered to Mr. Bryant's office. Please reference information below for instructions on **How to Comment on a Navy Document**.*

### About Mr. Bryant

Mr. Bryant is a local Bayview resident with a long history in community outreach. He serves as a resource to the HPNS community on behalf of the Navy by gathering community member questions and sharing information on the Navy's radiological cleanup at HPNS.

James Bryant, Navy  
Community Liaison for  
Radiological Program  
Outreach

Mr. Bryant welcomes you to strike up a conversation when you see him out and about in the Bayview. In addition, he welcomes your comments and questions at when he attends various local community group meetings and events.

## DOCUMENT REVIEW RESOURCES

## Document Review Locations

The Fourth Five-Year Review, the Draft Parcel G Work Plan, and other site documents are available at the established **Information Repositories** for HPNS.

### City of San Francisco Main Library

Science, Technical, & Government Document Room, 5th Floor

100 Larkin Street

San Francisco, CA 94102

(415) 557-4400

### Shipyard Site Trailer

690 Hudson Avenue

San Francisco, CA 94124

(near the HPNS main gate)

### Navy's Website

Radiological retesting documents are available on the new **REFERENCE LIBRARY** page of the Navy's website.

Additional program documents may be found on the **DOCUMENTS** page of the Navy's website.

## How to Comment on a Navy Document

The Navy encourages members of the public to review and comment on documents related to the cleanup at HPNS. Federal law requires an official Public Comment Period for specific documents. In addition, the Navy may release additional documents for public comment to encourage public participation in the cleanup process and to gain feedback on the work planned.

Listed below are a few suggestions about how you can get involved with the Navy's cleanup at HPNS. *In advance, thank you for your input!*

### **1. Access and read the document(s) available for public comment**

Go the Navy's website or visit one of the local **Information Repositories** (see *Document Review Locations, above*) to review the documents included in a current official Public Comment Period.

### **2. Clarify your concerns**

Work plans and findings reports are technical in nature. If you have questions or need clarification, contact Navy team members and other experts to help you understand whether your concerns are addressed in the document.

### **3. Document your comments**

Write down your comments. Be as specific as possible, noting the section and page number your comment applies to.

### **4. Be constructive**

When possible, offer feedback that may be used to improve the program. Comments that are specific, measurable, attainable, and relevant are best.

### **5. Be timely**

To be sure that your comments are included in the official record, make sure you submit your comments before the official Public Comment Period for the document you are interested in closes.

**All comments on Navy HPNS documents must be submitted in writing to:**

**Derek Robinson**

BRAC Environmental Coordinator, HPNS

Navy BRAC PMO West  
33000 Nixie Way  
Bldg 50, 2nd Floor  
San Diego, CA. 92147

Comments may also be submitted by email to: [derek.j.robinson1@navy.mil](mailto:derek.j.robinson1@navy.mil)

---

## NAVY WEBSITE UPDATES

The Navy updates the HPNS website regularly with documents, reports, and meeting materials. Recent updates include additions to the radiological program pages, information on the ongoing public comment period for the Fourth Five-Year Review, and this Quarterly Progress Update.

## About This Newsletter

*Around the Shipyard* is a periodic update of Navy cleanup activities, program outreach and shipyard news at Hunters Point Naval Shipyard (HPNS) for members of the HPNS community. This newsletter is an extension of the Navy's outreach for the environmental cleanup program as outlined in the Navy's HPNS Community Involvement Plan. The purpose is to enhance the availability of program information through the use of electronic resources.
